To whom it may concern:

Malik Morris was an art student of mine while he attended Nicolet High School; he graduated in 2014. He took many art courses and developed a portfolio for AP his senior year focusing on finding his inner self. During his time at Nicolet Malik was not only a very capable student, but was also consistently willing to help with any task asked of him related to the field or not. For example, he helped organize and prepare a 200+ slideshow for our school open house in which we showcase the department's accomplishments to the larger school community. This slideshow was professionally done and is still used today.

Since graduating from Nicolet, Malik earned a degree in Motion Illustration and Digital Media Production from Milwaukee Institute of Design. While he was earning his degree at MIAD he was also active in the US Army Reserve and held a job at Men's Warehouse. I mention this because Malik was already quite busy with three obligations and still volunteered to help catalogue a rather extensive permanent student collection we have here at Nicolet. The work was thorough and really helped set his alma mater up for future success.

It is with my highest recommendation that I write this letter on Malik's behalf. I have no doubt that he will continue to develop and exceed all of your expectations.

Sincerely,

Becky Schmidt
